

# SPRING WONDER™ CHERRY

*Prunus sargentii* 'Hokkaido Normandale'

**Height:** 20-25'      **Spread:** 18-24'

**Location:** Zone 4, sun

**Shape:** Upright, vase

**Foliage:** Purple turning dark green, yellow-orange in the fall

**Notes:** Probably the hardiest pink-flowering cherry tree, with a stunning display of pink flowers in early spring before the leaves; its upright vase habit, ornamental glossy reddish-brown bark, and good fall color make this a great accent tree on the landscape. This tree should only be grown in full sunlight. It does best in average to evenly moist conditions, but will not tolerate standing water. It is not particular as to soil type or pH. It is somewhat tolerant of urban pollution.
